Dr. Raifu Olorunfemi
7380 Southwest 60th Avenue
Suite 3
Ocala, Fl 34476

Dear Dr. Raifu;

Thank you so very much for your services of physical therapy. I returned from Maryland after a hip replacement and found you for my physical therapy needs. I so wanted to return home to Florida to recuperate but was not sure who and how this process was going to work out because I was set up with all the doctors and therapist in Maryland. I found you, and you are my angel. I had been in so much pain for so long, believing my hip pain was my back, it was not. I had surgery on my back and then on my hip. You have worked every part of my painful body, hip, feet, back and knees. I loved your outlook of paying attention to the whole body and getting it to work the way its suppose to. I am 75 years young now. Instead of feeling that number, I am feeling much more able to get around and run circles around some of my friends. Don't worry your name and facility will be the name that I pass onto all of my friends when services like yours are needed. Thanks, you so very much, words can't express my appreciation.

Sincerely,

A handwritten signature in cursive script that reads "Catherine Hinton". The signature is written in black ink and is positioned to the right of the word "Sincerely,".
